Hello, all,

Nicole and I are curating a set of questions to be used for SLP 690's Capstone Comprehensive Exam. You are on this email because you teach one or more content courses in the graduate program.

We are asking for 23 questions from each content course by 10/31/23.

Please read the top portion of the document linked below which provides some guidance on question formulation. You can directly enter your questions into the table at the bottom of the document.
