Hi Dr. Simmons,

I hope this email finds you well! I've started preparing for the Praxis and I'm currently studying the language development and disorders section. I remember learning much of this information in your class. I am finding that I remember/ understand the content from some areas more than others and I feel that your courses (both grad and undergrad) have played major roles in my knowledge and familiarity with child language. Thank you for being an exceptional professor!

Happy holidays :)
