**From:** Simmons, Prof. Elizabeth A.

**To:** Mishra, Prof. Avinash, Douglass, Prof. Jill E.

**CC:** Leydon, Prof. Ciara M.

You're both welcome -- this is such an unusual situation. I'm glad I can help.

I have added you to my courses and you should now have access to the materials. Feel free to reach out if you have any any questions.

Stay safe!

Hi, All,

I'm not at my computer right but will give you access to my courses this afternoon. Feel free to use whatever materials I have. The links to recorded lectures should still work.

Best,  
Liz

... And how do we get access?  
What would be IDEAL is to use her pre-recorded lectures on the different topics that remain for the semester, then use the WebEx time to do discussions, clarification of content, and/or bringing to the table break out topics.  
I vote LIZ and CIARA for 2020!

That would be fantastic! May I use some of the content as well?

Best,

Avi

Praise be to Liz!! The timing is amazing. I'm just starting my clinical methods webex class and have very little idea of how this is all going to come together.

Can i use certain lectures of hers as supplemental to my webex time with the students?

Hi, Avi and Jill.

Liz has generously offered access to her online Clinical Methods and Language Development courses, should it be helpful for you to see an online version of these courses. I took a look at the Speech Science class, and it helped me think through how to organize content for online delivery.

Thanks, Liz!

Ciara
